

# Employer Benefits Program

Employees are increasingly prioritizing companies with a unique company culture and a benefits package that covers the whole family - including pets!

## What is pet insurance?

Pet insurance is similar to human health insurance, but for dogs and cats. It allows pet owners to meet the healthcare needs of their pets by reimbursing for costly veterinary bills.

## Why choose PetPartners

### Experience

Starting in 2002, PetPartners was one of the first in the US to offer affordable pet insurance for dogs and cats. PetPartners has served as the exclusive pet insurance partner for the American Kennel Club since 2003.

### Coverage

PetPartners' customizable policy options provide coverage ranging from accident and illness coverage to preventative and wellness care. Policies allow pet owners to create a plan that fits their individual needs and budget.

Companies who value pets as family members attract more candidates and have an increased employee retention rate.\*

## About the program
